AN AFFILIATE OF CEDAC

Building Stronger Centers

Training Institute

Join us for Building Stronger Centers (BSC), an exceptional training institute that covers all aspects of planning, design and financing for renovations and construction of ECE and OST facilities. The training offers an overview of the development process, access to expert advice, and resources to move your project from concept to completion.

For more details, and to apply, visit Children's Investment Fund's [website](#). **Applications are due three weeks after receiving the application form.** We encourage teams of two people per organization to attend BSC.
